

## CT20 Small Bundle Tensioner

Cordstrap's Small Bundle Tensioner is the ideal solution to secure small bundles together. The Small Bundle Tensioner has an ergonomic design so it is easy to use regardless of the situation. It is perfect for indoor or outdoor usage, including environments that are exposed to dust and dirt. The Small Bundle Tensioner uses Cordstrap Polyester Strapping, which is strong as steel yet easy and safe to work with. The Cordstrap Small Bundle Tensioner, the most versatile and reliable way to safely and effectively secure smaller sized bundles together.

### Benefits

#### Safe & Effective

This tensioner can secure bundles as small as 5cm/2" in diameter. Generates professional-grade tension for maximum security.

#### Innovative Design

Unique strap guider enables easy strap positioning for effective tensioning. The ergonomic handle makes it surprisingly easy to use.

#### Versatile

Made out of robust yet light-weight aluminum for easy handling and positioning. Works well indoors and out, as well as in dirty or dusty environments.

### Features

Ergonomic handle for easy use

Strap guider ensures optimal strap positioning

Made of robust yet light-weight aluminum for easy handling

Uses non-abrasive yet strong as steel polyester strapping
